Includes links to supplementary resources, and activity suggestions for a dynamic and engaging lesson.

The image shows a screenshot of a lesson plan page. On the left side, there is a profile section for a teacher named 'Pooja Joshi' with a small photo of her. The main content area is titled 'Let your Pupils Counting sheets'. Below the title, there are several sections: 'Objectives', 'Resources', and 'Activities suggestions'. The 'Activities suggestions' section contains several numbered activity boxes with text and icons. A cartoon character, a green alien-like figure with large black-rimmed glasses, a smiling mouth, and raised arms, is positioned in the foreground. The character is wearing an orange shirt and is standing on a row of colorful circles: red, yellow, green, dark blue, and purple. At the bottom left of the page, there are social media icons for YouTube, Facebook, and Twitter, along with the text 'M O E' and 'www.kidsclubenglish.com'.
